CASH AUTOMATION MADE EASY

Paypod™ Compact

Successful checkout technologies begin with exceptional payment technologies. That's why we design the industry's most sophisticated, seamless and secure cash handling devices. Retailers benefit from best-in-class automation solutions, and customers benefit from a swift and inclusive checkout experience.

Paypod is the easiest way to add cash automation to your self-service or attended lane checkout system. Whether you want to create a fully-custom solution, add cash to your existing design, or automate cash handling in attended lanes, we have the right solution for you.

PAYPOD COMPACT REDUCES OPERATIONAL COSTS AND ACCELERATES CUSTOMER THROUGHPUT

- Maximize customer utilization of self-checkout by offering cash payment within desired or existing footprint

- Increase revenue and profitability with faster throughput, better labor efficiency and reduction of cash shrink

- Improve your cash management processes to reduce time spent on reconciliation and set up of cash points

- Enhance cash security with secured cash cabinet and industry-leading note and coin validation

- Get up and running fast with our universal API; optimize performance for maximum uptime with our data management platform

MAKE THE MOST OF YOUR FLOOR SPACE WITH COMPACT CHECKOUT SOLUTIONS
